## Space CINC visits AFRL

KIRTLAND AIR FORCE, N.M. – Air Force Research Laboratory's (AFRL) Space Vehicles Director Col. William McCasland (center) discusses the latest in AFRL's space technology with Gen. Ralph E. Eberhart (right), commander-in-chief of US Space Command and Air Force Space Command. While Eberhart toured AFRL's aerospace engineering facilities at Kirtland, he also "pinned-on" O-6 eagles to newly-promoted Col. Timothy Williams (left), head of AFRL's Space Experiments Division.
